

Education Experience Health Requirements

Name _____ Date of Birth _____

Department _____

In order to meet the requirements of the Center for Disease Control, OSHA, the Department of Health, and Wheaton Franciscan Healthcare, the following information is required:

- **Health Examination**
Must include the physical, mental, and immunization status of the student and be current within one year of internship.
- **TB Skin Test**
THIS MUST BE COMPLETED PRIOR TO YOUR START DATE!
The test must be current **within the past year**. If you have had a past positive test previously, a copy of your last chest x-ray must be provided. The x-ray must have been done within the last 6 months.
- **Hepatitis B Vaccine**
Documentation of immunization dates **OR** a positive Hepatitis B Surface Antibody Titer can be provided.
- **Measles (Rubeola)**
Proof of immunity by lab testing or documentation of (2) immunizations is required.
- **German Measles (Rubella)**
Proof of immunity by lab testing or documentation of (2) immunizations is required.
- **Mumps**
Proof of immunity by lab testing or documentation of (2) immunizations is required.
- **Chicken Pox**
Vaccination documentation is required or your written statement of having had the disease. If unknown, a lab test can be ordered.

Good resources for documentation of vaccination are your previous high school (or elementary), doctor's office, OB-GYN doctor (for rubella titer results), college student health center, passport immunization record, or any health care center you worked for.
