

Objective #6

Evaluation and measurement of health, awareness, and financial results.

- *Provide reporting tools to monitor effectiveness of overall plan such as: cost savings and utilization reports, ROI information, and patient satisfaction.*
- *Provide evaluations for all educational sessions.*
- *Review claims data on an annual basis to review for trend changes in partnership with insurance provider.*
- *Periodic interactive meetings to review plan and direction to determine on a continual basis if adjustments need to be made.*
